

ACTIVITY: Night diving

CASE: **GSAF 2008.05.14**

DATE: Wednesday May 14, 2008

LOCATION: The attack took place off Turtle Island in the Yasawa group of islands, Ba Province, Fiji.

NAME: Aisake Sadole

DESCRIPTION: He was a 28-year-old Fijian male from Naviti Island.

BACKGROUND

MOON PHASE: First Quarter, May 12, 2008

NARRATIVE: Sadole went diving with six other villagers at 9 pm. When it was realized that he was missing, some four hours later, they searched for him and found his body on the sea floor.

INJURY: Fatal. The man sustained injuries to his face and left leg (and/or arm) and had bled to death.

SPECIES: Not identified
