NOTE: This was a provoked incident; the shark was caught in a net.

Viewer captures shark attack on camera

LAUDERDALE-BY-THE-SEA, Fla. (WSVN) -- A 7 News viewer captured video of a shark attack that happened on land Sunday.

The viewer shot the video of the nurse shark when it clamped down on a fisherman's forearm. The fisherman was on a pier trying to free the shark from his net.

Fire Rescue treated the victim at the scene for a small laceration.
